EXPERIENCE

Bunifu Capital

Jan. 2026 – Present

Frontend Developer

Remote

- Developing and maintaining responsive web interfaces using **React.js, JavaScript, and Tailwind CSS**
- Integrating REST APIs and ensuring seamless communication between frontend and backend systems
- Collaborating with designers and backend engineers to implement scalable and user-friendly features
- Optimizing UI performance and improving user experience across devices

Power Learn Project

July 2025 – Dec. 2025

Software Engineering Student

Kenya

- Completed an intensive software engineering program covering full-stack development fundamentals
- Built real-world web applications using modern frontend and backend technologies
- **2nd Runner-Up** in the program Hackathon for developing an innovative agricultural solution

PROJECTS

Agripredict yield vision | [Live Demo](#) | [GitHub](#)

- Built a predictive agricultural platform focused on improving farming outcomes through technology
- Implemented interactive UI components and structured clean, maintainable frontend architecture
- Focused on accessibility, responsiveness, and intuitive user experience
- Contributed to the project that earned **2nd Runner-Up** position in the Power Learn Project (PLP) Hackathon
- Deployed via **Vercel**; integrated REST APIs for real-time data handling

Soil Smarter | [Live Demo](#) | [GitHub](#)

- Developed a web-based agricultural solution to help farmers make data-driven soil decisions
- Built responsive frontend interfaces and implemented core features for usability and clarity
- Deployed via **Vercel**; integrated REST APIs for real-time data handling

EDUCATION

Jomo Kenyatta University of Agriculture and Technology (JKUAT)

Present

Bachelor of Science in Mathematical Computer Science

Kenya

- **Relevant Coursework:** Data Structures, Algorithms, Abstract Algebra, Probability and Statistics

SKILLS

Languages : JavaScript, HTML5, CSS3, Python

Frameworks & Libraries : React.js, Tailwind CSS

Tools : Git, GitHub, VS Code, Postman, Figma , MongoDB

Concepts : Responsive Design, API Integration, Version Control, UI/UX Fundamentals
